

Hakea eyreana — Simpson Desert Corkwood

Scientific Name:

Hakea eyreana

Common Name:

Simpson Desert Corkwood

Register Number:

25

Location of Tree:

Ragonesi Road, Ross, Alice Springs NT

GPS:

-23.743, 133.88401

Categories of Significance:

Unique Location

Group

Habitat

Year Listed:

1996

This listing refers to the mature trees amongst the large stand of Corkwoods fronting on to Ragonesi Rd in Ross. The area was used as farm land for goats and milking cows in the 1950's and 60's.

A metal shield can be found around the base of some trees, which was used to protect the Corkwoods from animals rubbing against them. Some of the larger trees are estimated at over 100 years old.
