31

**Location of Tree:**

Lot 8550, Corner of Gregory Terrace and Leichardt Terrace, Alice Springs NT

**GPS:**

-23.70128, 133.88334

**Categories of Significance:**

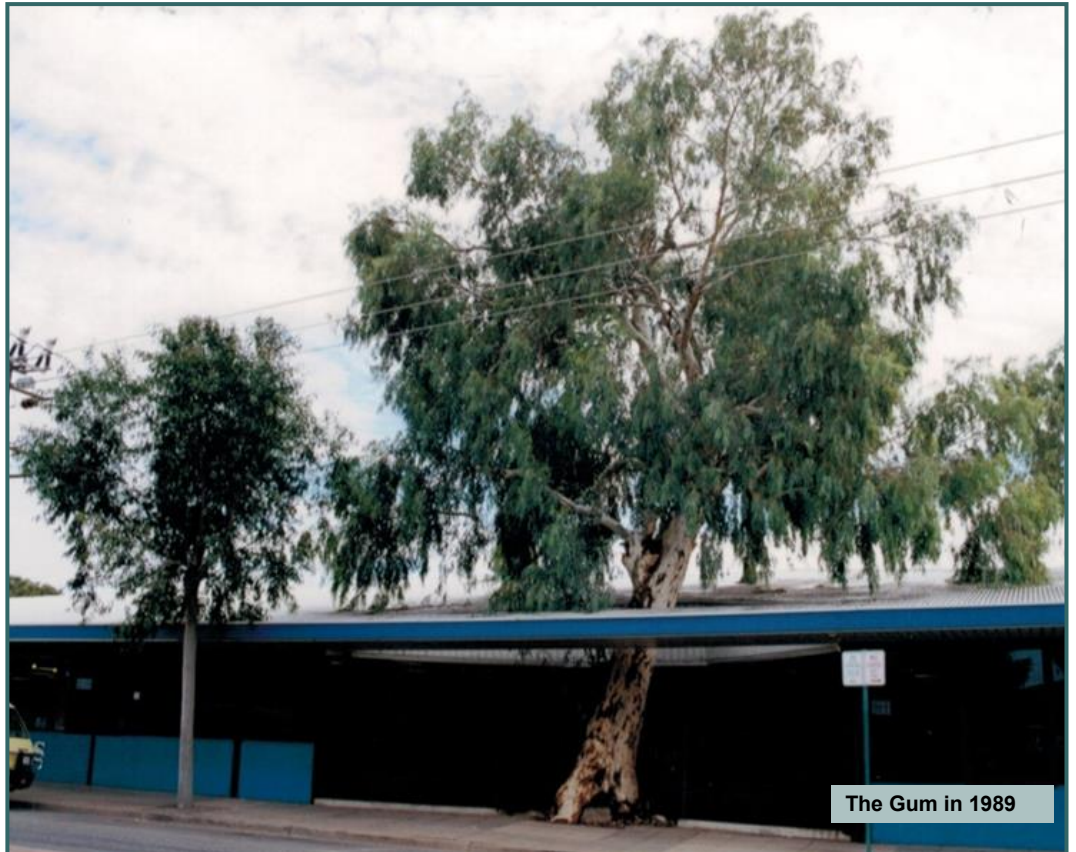

Cultural  
Unique Location

**Year Listed:**

2001

**Heritage Listed:**

Sacred site: Aboriginal Areas Protection Authority (AAPA)

These two trees survive today because their value was recognised by the designers of this 1980's office development. The resulting interaction between building and trees is an example of good urban design from that era. These trees are now registered sacred trees through the Aboriginal Areas Protection Authority.
