

Chorisia speciosa — Floss Silk Tree

Scientific Name:

Chorisia speciosa

Common Name:

Floss Silk Tree

Register Number:

104 & 105

Location of Tree:

Public Carpark, 97 Woods
Street, Darwin NT

GPS:

-12.45637, 130.8381

Categories of Significance:

Aesthetic

Number of Trees:

2

Year Listed:

1989

These trees boast beautiful pink flowers, which combine with a whorl of leaflets to provide dense shade. But beware of the thorny trunk! It is not a native of Australia but obviously enjoys its present situation.
