

Ficus rubiginosa — Port Jackson Fig

Scientific Name:

Ficus rubiginosa

Common Name:

Port Jackson Fig

Register Number:

143

Location of Tree:

Lot 5679 Mosec Street,
Ludmilla, Darwin NT

GPS:

-12.4205, 130.85555

Categories of Significance:

Aesthetic

Unique Location

Habitat

Date Planted:

1969

Planted By:

George Brown

Year Listed:

1991

This Fig was planted in 1969 by George Brown. George worked as the curator for the Darwin Botanic Gardens between 1971 to 1990, he later became Lord Mayor of Darwin in 1992 and served until 2002. During his time in office he played a prominent role in the greening of the city. After his death the Botanic Gardens was renamed the George Brown Botanic Gardens in his honor.
