

Alstonia actinophylla — Milkwood

Scientific Name:

Alstonia actinophylla

Common Name:

Milkwood

Register Number:

174

Location of Tree:

East Point Reserve, Alec Fong
Lim Drive, Fannie Bay, Darwin
NT

GPS:

-12.64005, 131.11828

Categories of Significance:

Aesthetic
Size
Age
Cultural

Year Listed:

1994

Large Milkwoods such as this are remnants of the original vegetation, survivors of Darwin's rapid development. They are of high aesthetic value and a few trees of this size and age now occur in the suburbs.
