

Ghosts of Lee Point

Scientific Name:

Corymbia papuana,
Bombax cieba

Common Name:

Ghost Gum, Kapok Tree

Register Number:

73 & 74

Location of Tree:

Lot 4869 Lee Point Peninsula,
Sanderson, Darwin NT

GPS:

-12.41441, 130.8551

Categories of Significance:

Aesthetic
Unique Location
Rare
Habitat

Number of Trees:

2

Year Listed:

1986

Making up the original Lee Point Peninsula vegetation, these trees once shaded the Retta Dixon Home for homeless children. There would have been some wars won and lost here.

The Kapok tree, however, no longer exists.
