**Categories of Significance:**

Unique Location

Group

Habitat

**Number of Trees:**

8

**Date Planted:**

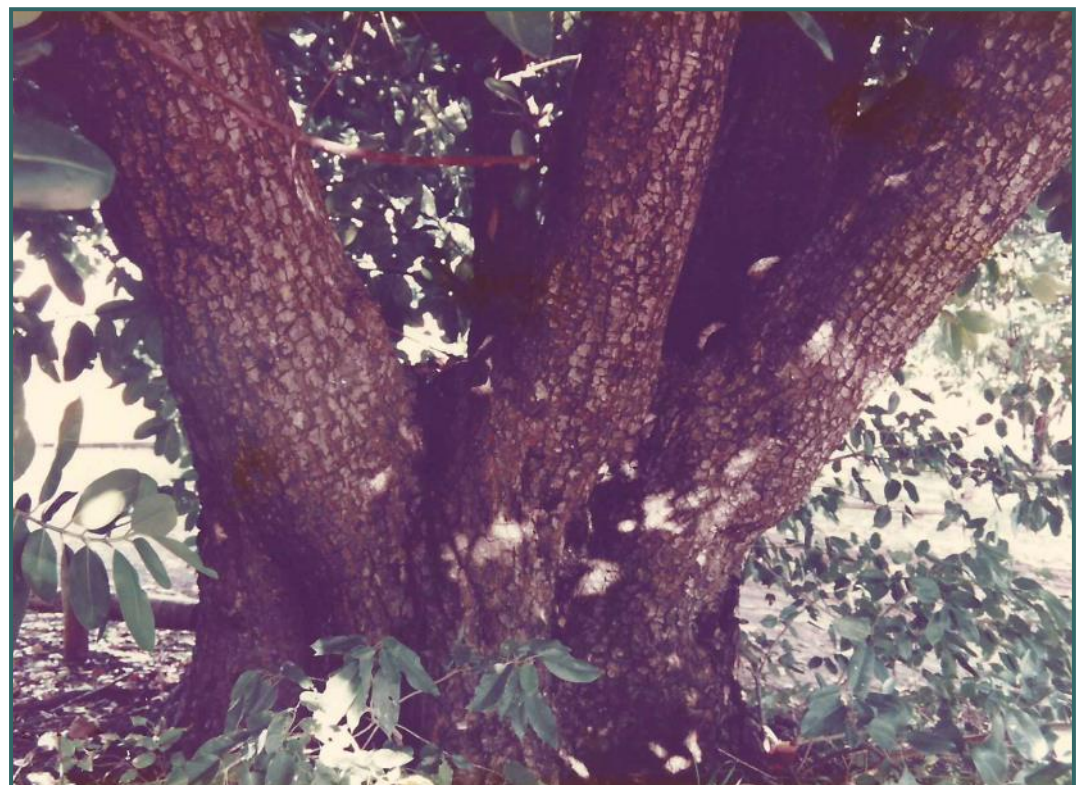

1940's

**Year Listed:**

1989

This group of trees adds beauty and shade to a historical site, the Fannie Bay Goal. They also border the main coastal road. The largest *Callophyllum* has Banyan seedlings at the base.

They self-seeded in the 1940's and were included into the Register in 1989 due to their unique location, group and habitat.
